THE CIPHER CARD, AND THE LABELS FOR FOUR ENVELOPES

Game-master's sheet · none of this is written by hand

THE CIPHER CARD — into a small envelope, just inside the meditation cushion's zip

Printed rather than copied: one wrong character here and the last lock never opens. The second card is a spare. What it decodes to is on your solution sheet, not on this one — an offcut of this page should never be able to give the ending away.

THAT ENVELOPE — glue or copy this onto the front

This will mean nothing until the hour is set.

THREE HINT ENVELOPES — optional, and they save the evening

Seal three envelopes, label them with these, and leave them somewhere she will find them if she needs them. The same slip goes inside each.
