
The Six Painting Backs

CUT THESE OUT AND FASTEN ONE TO THE BACK OF EACH PICTURE

Game-master's sheet · the small name above each frame is for you, and is cut away

One card for each painting. The line of small capitals above a frame names the picture it belongs to; it sits outside the frame so that cutting the card out removes it. Tape or clip the card to the back of the painting with the writing facing out. Nothing else goes on the backs.
