TWO INKS, ONE LINE

Game-master copy · not for Sarah · remove before she arrives

Line one, in dry-erase marker, large: **ALIEN BLUES**.

Line two, beneath it, laid out exactly as below. The *italic words* go in dry-erase marker. The **shapes** go in the invisible-ink pen; the small grey letter over each shape is what it means, so copy the shapes, never the letters. Leave a clear gap between every word. 22 shapes in all.
